Allergen Content Table

Many traditional Thai dishes depend on ingredients which may cause allergic reactions in some people.

We have summarised each dish and it's known allergen ingredients below.

Please be aware that whilst our kitchen team take great care with preparation, we cannot guarantee the total absence of allergens in any dish.

Don't hesitate to speak to any member of our team for more detailed information of our ingredients before you order.

If any menu description includes the name of an allergen it will be present.
